Assisted Suicide Bill in NJ “Revived”

Physician Assisted Suicide could become a reality in NJ if newly proposed legislation is passed.

A2270 and S382 replicate bills considered last year but never brought to a full vote. The bills were re-proposed February 2014. John Burzichelli (D-District 3) is primary sponsor in the Assembly, and Donald Norcross (D-District 5) is co-sponsor in the Senate

Please call, write or email your state representatives and urge them to vote NO on these bills.

See page 2 for contact information for legislators representing many of our parishioners.
