## Pro-Life Coloring Books

Available in recognition of Respect Life Month

*“We don’t have  
the right to life  
because somebody  
else says that we  
have it.*

*We don’t have the  
right to life  
because some  
court, congress,  
governor or king  
grants it to us.*

*We have our  
rights from God.”*

Father Frank Pavone  
Priests for Life

*October is usually celebrated as Respect Life Month—a month during which there is an added emphasis on respect for the dignity of the human person...*

*To help build this culture of life, what can you do in your own home? Start small, but be committed. Think of this October as your family’s jumpstart to living a culture of life more fully in your household. Though it may be hard to think about adding more activities to an already busy school schedule, Respect Life*

*Month is the perfect time to add culture-of-life activities into your daily life to build that necessary foundation grounded in the truth for the **next generation.***

# Do You "CAR" About the Unborn?

**VOLVO RAFFLE.** NJ Right to Life is having its annual raffle for a 2016 Volvo XC60 AWD SUV. Other prizes include gift certificates to Shop Rite. See our Pro-Life Apostolate members for tickets. Donation: \$10/ticket.

**DRIVERS NEEDED.** *Helpers of God's Precious Infants*, who coordinate prayer vigils outside the Cherry Hill Women's Abortion Clinic, need volunteers to drive girls who have chosen life for their babies to various appointments. Notes Claire Howson: "Nobody will be able to say yes each time we ask, however more volunteers will help to lighten the burden for all." Contact Claire at [Claire@abortionclinicvigil.com](mailto:Claire@abortionclinicvigil.com) or call her at 856-234-6198 for more information.

**CHOOSE LIFE LICENSE PLATES.** Promote life every time you drive your car. Applications for New Jersey *Choose Life* license plates are available in the St. Martha Room. Cost is only \$25/year. Proceeds go to pro-life organizations in the state.
