“The Declaration and Bill of Rights never even hint at the possibility that fundamental rights can be ignored when the citizen is small, vulnerable and dependent on another person.”

A Message from Helpers of God's Precious Infants

by Claire Howson

The Helpers of God's Precious Infants are a group of people committed to maintaining a loving and prayerful presence outside of abortion mills where God's children are put to death. We unite ourselves with these victims in solidarity with their pain, as they are put to death at this modern day Calvary.

We pray to obtain God's mercy for the abortionist and his staff... The message of the Helpers to the abortionist and all who help him is that, though we love them, we will never accept what they do.

We plead with our voices for the lives of the babies being carried in by the pregnant women who have scheduled appointments with the abortionist that day. We ask each mother to change her mind. We reach out to her with the love of Christ; we do not judge or condemn her for what she is planning to do. We simply promise her support and assistance if she should change her mind, and prayers for her healing and conversion if she should proceed with the killing of her child. *(continued on page 2)*

Baby Favion -- one of the newest angels helped by the Helpers of God's Precious Infants

Most of all, we love the unborn children who will be brought there that day. These children have been rejected by their parents, and are doomed to die. The only human love they may encounter in their short lives may be from those of us standing outside.

So JOIN US at the Cherry Hill Women's Center, 502 N. Kings Hwy, where approximately 300 babies lose their lives to abortion each week...

Expenses are far outweighing the funds coming in, and many of our Helpers are putting out their own dollars to sustain our girls....and the last thing we want to have to do is tell a woman who has just changed her mind about having an abortion that we can't help.

We are also in need of people to donate their time and their skills to our cause. Whether it's helping give girls rides to prenatal appointments, or talking on the phone with some of the women to encourage them, or teaching them how to cook, we need strong role models and helpers of any kind.

Thank you for continuing to support our cause, for keeping us in prayer and for caring for these women through your donations.
