# PRO-LIFE NEWS

## A WITNESS IN WINTER

### March for Life 2017

Men, women, babies, the elderly, families, clergy and religious.

Hopeful. Prayerful. Energized.

Hundreds of thousands.

No vulgarity. No profanity.

The 2017 March for Life was everything the Women's March was not.

Public opinion, a new pro-life generation, and a new Administration supportive of the unborn.

A new day is dawning.

Vice President Mike Pence at the March: *“Life is winning again in America.”*

Continue to pray for our nation's leaders and our country, that a culture of life will be restored.

## THANK YOU TO...

**...our youngest pilgrim, and keeper  
of the pastor's staff.**

**...our Bishop Sullivan for continuing his  
tradition of meeting his flock each year at  
the top of the Constitution Avenue hill, at  
(of course) New Jersey Avenue.**

**...our Knights who handled all the things that  
men typically handle on our trip.  
Seriously, how many women just happen to  
have a mini hand saw when you need one?  
(We needed one.)**

**...to our paster, Father Pasley, who inspires, instructs and heartens us, not just on this March each year, but every day of the year.**

**...to our banner carriers, who navigated the throngs of marchers and gusts of wind to lead our group forward.**

***...Sam's loyal attendants, who made sure that he didn't get lost in the crowd or miss the bus home -- much to Father's dismay 😊***

***...our generous benefactor, Bill Gedgard, in memory of his wife, Mary Jane.***

*...the kind street vender who used his personal car to drive our banner down to the crowded Mall area after Metro attendants refused to allow our poles on the train (even though we've been carrying them on the train for 10+ years!).*

*...our lunch makers, trip organizers and keepers of the ever-changing bus seat reservation list.*
