

PRO-LIFE NEWS

LIFE Marches ON

Thanks to all who participated in the 2020 March for Life, not only those who marched but also all those who worked behind the scenes participating as financial supporters, sandwich makers, cleanup team, and those who prayed and fasted from home.

*What is
the cost of
an
abortion?*

*One
human
life*

TAG, You're it!

Evangelize with a pro-life message every time you drive your car. Apply for a "Choose Life" license tag. Then, "tag" a family member or friend by giving them an application for their car.

The cost is only a one-time switching fee of \$25 to the NJ Motor Vehicle Commission and an annual tax-deductible membership of just \$25 to the pro-life organizing group, Children First Foundation, \$20 of which goes directly to support local pregnancy centers. The cost and application process is similar in Pennsylvania.

Applications for the NJ and PA Choose Life license plates will be available on the Pro Life table in the St Martha Room. Don't forget and take TWO applications so you can "tag" a relative or friend.

Nix Netflix. Check out a pro-life movie.

Cooped up as our country weathers the current Corona challenge?

Just a reminder... We have a free lending library of 11 pro-life DVDs available for you to borrow. We can mail one to you or, in some cases, drop it off to your home.

Contact Pro-Life Apostolate member Leona at lgnego@gmail.com for the list of movies and documentaries. The list will also be available in the St. Martha Room.
